

INTERNATIONAL DAIRY YOUTH CHAMPIONSHIPS

We are pleased to invite all young dairy enthusiasts to our first International Dairy Youth Championships. The event will be a great opportunity for junior exhibitors to prove that they have the appropriate cattle handling and showing techniques to present a dairy animal to its best advantage.

The clipping competition is another opportunity for young breeders to demonstrate their ability to properly clip and fit an animal to show-ready status in a timed event.

The **Showmanship Competition** is open to all youth ages
